

 **Strathearn**
ADDING life TO YEARS

If you are looking for the ultimate in care, comfort and facilities, there is no need to venture far from home and those you love. Strathearn House in Scone sets a new benchmark for residential aged care.

Come take a look at the brand new state-of-the-art Strathearn House and discover a level of care, comfort and class never before seen in the Upper Hunter Valley.

Visit www.strathearn.org.au and select Strathearn House or call **02 6545 1255** to arrange a private tour.

Our office is open Monday to Thursday from 8:30am till 4:30pm and Friday from 8:30am till 4pm

 **Strathearn**
ADDING life TO YEARS

Welcome to a new standard in care; a community-centred, state-of-the-art 'home away from home' set in the picturesque Upper Hunter Valley.

World-class facilities in the heart of the country

Architecturally designed and built to an industry-leading standard, Strathearn House delivers a world-class facility coupled with the familiar ambience and warmth of a country manor.

A place tailor made to provide for your physical, emotional, social and spiritual needs. Our friendly, caring staff are not only highly trained in aged care, but also embody the Strathearn values of professionalism, personalised care, teamwork and mutual respect.

At Strathearn House, we offer a broad range of aged care services, including dementia care and respite care, to cater to specific needs. All services are delivered in a welcoming homely environment and are designed to enable as much independence as possible, promoting dignity and privacy.

A place to call home

From the fresh, natural light filled rooms, to the welcoming spaces for coming together, and areas to spend time in quiet reflection, it is immediately apparent that Strathearn has created something very special.

The facility is made up of a number of houses, each consisting of 16 bedrooms, a dining room, living room, kitchen, laundry, sitting room and private courtyards or balconies. The result is a feeling of being at home as opposed to living in a home.

We bring leading edge technology with automated systems for the security and comfort of our residents as well as the fastest internet speed in Australia. Our residents have the ability to stay connected to family and friends living anywhere in the world, and our care team has lightning fast access to external healthcare professionals.

Purpose-built dementia care houses staffed by dementia-trained personnel open out onto a secure sensory garden where residents can enjoy a beautiful and stimulating outdoor environment.

Strathearn House also offers:

- bright, spacious and comfortable rooms with ensuite, quality fixtures, emergency call buttons, and automated safety features
- a selection of double rooms/studios with private balconies or courtyards and kitchenettes for couples moving into aged care together
- onsite hairdressing salon
- a well-stocked community library
- Foxtel (extra charges apply)

Yours to enjoy

Living at Strathearn House, you will enjoy nutritious, home-style meals daily with seasonal menus to ensure freshness and variety. Our dining room encourages social interaction over a meal with other residents or guests and, for those unable to leave their rooms, there is the option to dine in the comfort of your private suite, and assistance on hand for those who may need it.

All cleaning and laundry is done for you and we provide a suite of services to help maintain a sense of joy and enablement in every aspect of your life with us:

- a dedicated lifestyle team that facilitates regular daily activities for residents
- games and movies
- visits by community groups, such as choirs and other local performers for your entertainment pleasure
- social support and individually tailored activity plans
- outings to various local places of interest

Strathearn's beautifully maintained grounds include landscaped gardens and sun-drenched courtyards for your personal enjoyment, or to spend time with visiting family and friends.

Yours to rely on

Living at Strathearn House gives you the peace of mind knowing that your safety, security, comfort, health and wellbeing are cared for, taking the daily worries away – you can spend more time focusing on the things that bring you joy.

We offer tailored care plans covering everything from assistance with daily living activities and special nutritional and hydration requirements, to individual support and treatment for a range of medical and cognitive impairments for those who need it.

We also offer:

- 24/7 Registered nursing care and medical supervision
- palliative, dementia specific and respite care
- mobility aids and assistance
- transport for external medical appointments
- allied health services
- wellbeing programs
- pastoral and spiritual support
- nurse call button to every room
